

Sprint Review i - <Team Egg>

- Features implemented
Initial SRS Document, Initial project backlog document, first sprint documents, initial framework repository
- Issues fixed
Revisions on User Stories
Revisions on Problem Statement
Revision on the project description and miro diagrams
- Implementation review
 - *What went well in the implementation*
 - *Been consistent with meeting involvement*
 - *What problems occurred*
 - *Misread SRS Document requirements for Deliverable 1, started doing excess work*
 - *Mistakenly started tasks that were part of sprint 2.*
 - *How problems were solved*
 - *Reread Deliverable 0 and figured out that we were doing more work than required.*
- Changes made
User Stories, problem statements, and miro diagrams.
- Plans for next sprint (*What will be done for the next sprint*)
Start backend programming, Start database design, Start front-end design, update documents based on feedback on Deliverable 1
- Scrum Review
 - *What went well?*
 - *Not much disagreement, implementation of the backend and frontend handshake went well.*
 - *What could be improved?*
 - *Organizational bits, plan what is to be done better*
 - *What changes will be made to how we work for the next sprint?*
 - *Start product and sprint backlog first.*
